NRWC'S TRACKS OF INQUIRY

PROGRAM IMPROVEMENT

Program Improvement highlights examples, case studies, strategies, and approaches that are used to implement evidence-informed practices to strengthen program delivery and the skills practitioners need to implement programs to fidelity. This track also delves into ways to build program and organizational capacity to strengthen measurable outcomes and increase our collective impact.

SYSTEMS & COMMUNITY COLLABORATION

Systems & Community Collaboration examines the strong partnerships between systems and community that are essential in order to build strong ecosystems that streamline a continuum of care and access to resources. This track highlights examples, case studies, and approaches that are facilitating strong partnerships between systems and community.

EMPLOYER ENGAGEMENT

Employer Engagement provides examples, best practices, and case studies from organizations building transformative relationships with employers. Attendees will be challenged to be thoughtful in how we develop a talent pipeline that prepares and places participants in jobs and consider how we can work with employers to create more inclusive cultures for people impacted by the justice system.

COLLATERAL CONSEQUENCES

Collateral Consequences covers topics related to policies and practices in the field that are removing barriers to opportunity for people who are impacted by the justice system and how to navigate and challenge the legal & regulatory restrictions that limit or prohibit access to employment, business and occupational licensing, housing, voting, education, and other rights, benefits, and opportunities.
