

NRWC
NATIONAL REENTRY WORKFORCE COLLABORATIVE

REENTRY SPECIALIST CERTIFICATION

The Reentry Specialist Certification is a self-paced online program designed to build the practical skills needed to apply evidence-informed reentry practices. It establishes a standard of practice for the field, helping professionals develop foundational knowledge, core competencies, and effective strategies to support successful community reentry.

FIVE MODULES

BUILDING SUPPORTIVE ALLIANCE

Connecting with people can have a profound impact on their success

MOTIVATIONAL MENTORING

Eliciting & strengthening motivation for positive change

GOAL PLANNING

Developing individualized plans to address needs & build upon strengths

SKILL BUILDING

Training the brain is the key to improved quality of life & transformational change

THE REFLECTIVE PRACTITIONER

Understanding your impact & how to intentionally be an effective change agent

WHAT THE CERTIFICATION INCLUDES:

3 months of access to self-paced virtual learning and certification content

Access to a growing learning community of nearly 500 certified Reentry Specialists

A shared, evidence-informed standard of practice with reentry-specific competencies and practical tools aligned with research on effective programs

A two-year certification and professional development pathway
